

I&C ACADEMY

More than 40 years in designing, certifying and maintaining Instrumentation and Control Systems

Dive into comprehensive training solutions for nuclear power plants.

Challenge

Our I&C Academy is home to world-leading experts in the industry, ready to share their know-how and experience with your operational teams, delivering the training programs you need to help you achieve your team's development goals.

Solution

I&C Academy offers extensive system and operations training at our modern training facilities or on-site at customer locations worldwide.

Discover our comprehensive worldwide I&C training portfolio in our [I&C Academy training catalogue](#).

Customer benefits

We also design individually tailored training programs and courses to suit our customers' specific requirements. Our long-standing relationships with global experts, utilities, and institutions give us the necessary expertise to offer valuable insights into nuclear safety policy and procedures. In addition, we ensure that our technical training is compliant with the latest IAEA standardized systematic approach to training (SAT).

Key figures

More than 2.000 people trained per year.

95% customer satisfaction rate.

Your performance
is **our** everyday **commitment**
