

Limatorque Actuators, Motors and Spare Parts

High-quality products delivered with the right documentation on time

Challenge

Utilities need a reliable supply of high-quality actuators, motors and spare parts.

Solution

Framatome has been the authorized channel for Limatorque actuators, motors and spare parts for utility power plants since 1987. Framatome and Limatorque have a strong relationship, which includes robust quality programs and dedicated quality control resources to ensure the highest quality products are delivered to the nuclear industry.

Inventory of Flowserve-Limatorque

- More than 1,700 different Limatorque SMB actuator parts stocked. Both safety and non-safety.
- More than 70 different Limatorque motors for SMB actuators stocked.
 - AC - 208, 460, 575 volts; 1800 & 3600 RPM
 - DC - 125, 250 volts; 1900 RPM
- Additional inventory of HBC, SB and SBD parts stocked.
- All safety-related parts and motors are nuclear qualified to Limatorque Qualification Reports (as applicable).
 - B0058 B0037 B0027 B0009 600376A 600456
 - B0003 B0212 B0119 B0114 B0115 B0373

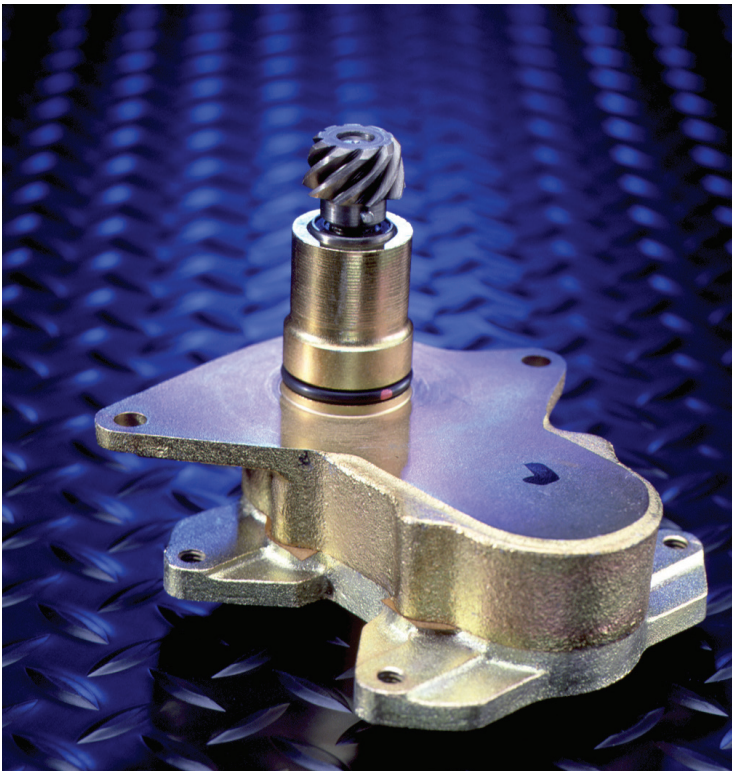

At Framatome's Nuclear Parts Center, our personnel provide 24/7/365 coverage during normal working hours and off-hours to deliver the right Limatorque part, with the right documentation, at the right time. Our online Customer Inquiry System (NPCis) allows for immediate access to view the Nuclear Parts Center's Limatorque inventory. We perform videoscope inspection of all safety-related AC motors Limatorque SMB/SB actuators. Framatome performs quality surveillance of safety-related items at the Limatorque facility.

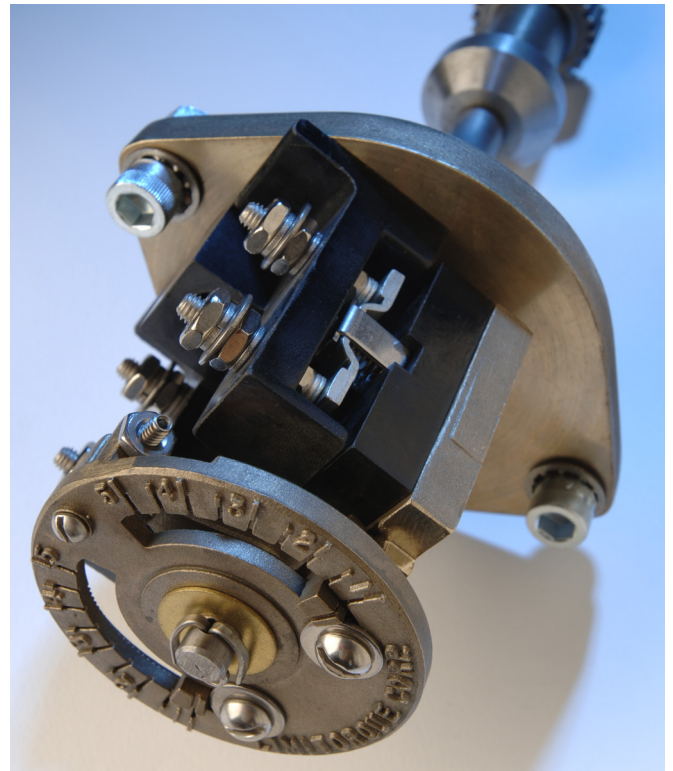

Customer benefits

- All safety-related equipment inspected at Limatorque by ANSI N45.2.6 qualified inspectors
- All equipment receipt inspected by ANSI N45.2.6 qualified inspectors
- All equipment stored in Framatome Level B controlled warehouse
- A strong technical team
- Immediate availability of in stock safety- and non-safety-related parts — 24 hours a day, seven days a week
